Windy Hill School at Colby- Sawyer College (New London, NH)
A freestanding 13,000sf building including covered entry, vestibule, atrium common space, reception, community kitchen directors office, adjunct office, classroom library/seminar room, staff lounge observation/seminar rooms and spaces for college lab school and future expansion for grades 1-3. LEED Certified.

Keene State College Child Development Center (Keene, NH)
KSC Child Development Center provides child care and educational programs for children ages 4 months to 6 years. The Center is a teacher preparation site for Keene State College students who are pursuing degrees in Child Development, Early Childhood or related fields, and it also provides educational support and resources to families and professionals from the community.

Ray Elementary School (Hanover, NH)
Banwell Architects was hired to help the Ray Elementary School develop a program for new classroom spaces, renovation of interior spaces and an energy efficiency upgrade of windows, roof, mechanical and electrical systems.

Jay Peak New Stateside Mountain Learning Center (Jay Vermont)

The Mountain Learning Center (MLC) is a freestanding building, approximately 8,000sf, located north of existing Stateside Base Lodge in a wooded area that was partially cleared and developed with surface lifts to form a beginner learning area.

Girl Scouts of the Green and White Mountains (NH and VT Statewide)
Banwell was hired to do a comprehensive review of all of the properties the Girl Scouts own in NH and VT (a total of 14 properties). We conducted site visits to each property and developed overall existing site plans of existing facilities. Banwell then lead a series of charrettes, two in NH and one in Vermont.

Lyme Elementary School (Lyme, NH)
Banwell developed a pre-bond design for Lyme Elementary School in Lyme, NH. Program spaces include a new kindergarten room, art room, new classrooms, new group instruction spaces, a faculty work room, special education spaces and learning center.
