Girl Scouts of the Green and White Mountains (NH and VT Statewide)

Banwell was hired to do a comprehensive review of all of the properties the Girl Scouts own in NH and VT (a total of 14 properties). We conducted site visits to each property and developed overall existing site plans of existing facilities. Banwell then lead a series of charrettes, two in NH and one in Vermont.

Blackstone Valley Regional School District Master Plan (Upton, MA)

Banwell's completed a comprehensive master plan report for the school in order to assist them in moving forward with building decisions. This included review of the existing facility and current programs and recommended renovations to accommodate growth and decline of programs/space planning.

Cardigan Mountain School (Canaan, NH) Academic + Residential Master Plan

Banwell is working with Cardigan to further develop the existing master plan that was completed several years ago and needed to be further defined. We are developing a site plan for residence development for both dorms for students and a variety of faculty housing and apartments.

Kendal Retirement Community Master Plan (Hanover, New Hampshire)

Banwell has joined forces with a national Kendal design architect, RLPS and together are completing a master plan for a new 20 acre abutting parcel they have recently purchased. We are also completing a master plan for their existing campus including: Additions for independent living, nursing, health center, fitness center (pool, locker rooms, exercise rooms and activity room).

Jay Peak New Stateside Master Plan (Jay Vermont)

Banwell created a brand new base community plan that included a lodge, hotel, learning center, recreation center, parking, maintenance and central biomass heating facility. We worked with the owners and staff at Jay Peak to develop the programs for each of the buildings and overall cost estimates for the development.

Lowey Center at World Learning School for International Training (Brattleboro, VT)

Banwell Architects was asked to undertake various projects to complete the school's Master Plan, including new academic buildings and a number of renovation and addition projects to be implemented over the next ten years.
